Dear Dr. Graham,

I write this letter to support the plan of the Accounting Program at Oregon State University to rename its graduate degree program to "Master's in Accountancy" ("MAC"). Consistent with statements in your letter, I expect that a focus on analytics will provide accounting students with a practical and distinctive graduate education. I should note that we are also considering incorporating an analytics focus, or track, in our existing Master of Accounting Program at the University of Oregon. At this point, I am uncertain of the timing of when this may occur.

Thank you for your notification. Please let me know if you have questions or if I can be of further assistance.

Sincerely,

Angela K. Davis
