LETTER OF SUPPORT

I approve the suspension of the following programs as part of the recent College of Education re-organization. The revised Education Major (EdM, MS, PhD) (2310) consolidates the previous Science Ed and Mathematics Education programs into various options under each degree type. The old majors listed below are no longer needed. We plan to terminate them in one year if no reasons surface that warrant reopening them.

Major Code	Graduate Majors
6100	Science Education
5620	Mathematics Education

Sincerely,

Jennifer Bachman, PhD
Director of Online Education
