Dr. Dornfeld reported that President Strand suggested that final consideration be given to the recommendations of the Committee on the Aims of Oregon State College. The report of the committee had been studied by four groups of Faculty Council members, as provided for at the January 9, 1953, meeting of the council. Meeting #84

## MINUTES OF FACULTY COUNCIL

8 October 1953

- ROLL CALL President Strand called the meeting to order with the following Faculty Council members present: Beach, Berry, Brandon, Bullis, Carlson, Charley, Clayton, Colby, Dietz, Dornfeld, Dunn, Engesser, Gilfillan, Gilkey, Gleeson, Goode, Grill, Hovland, Hupprich, Joseph (for Goodman), Korzan (for Wood), Ledbetter, Lemon, Lonseth, Lunde, Norton, Ordeman, Poling, Read, Richardson, Snodgrass, Strand, Taskerud (for Scheel), Winger, Yunker. Also present: Dr. I. S. Allison, Dr. Max B. Williams.
- APPROVAL OF MINUTES The minutes of the June 11 meeting of the Faculty Council which had been sent to members by campus mail were declared approved.
- DR. HOVLAND ON REVIEW & APPEALS COMMITTEE President Strand called attention to the fact that he had named Dr. R. W. Bergstrom as the appointed member of the Committee on Review and Appeals, replacing Professor B.H. Nichols who died May 5, 1953.
- COMMITTEE ON INSTITUTIONAL OBJECTIVES CONTINUED President Strand spoke of special committees from which reports would be received soon. Specifically, he asked, should the Committee on Objectives be dismissed since its report had been adopted at the June 11 meeting? Or should it be kept to aid in implementation of its recommendations? Or should a new committee be formed for this latter function? He suggested that schools give consideration to the report from the standpoint of how they can contribute to the achievement of the stated objectives. Deans Gleeson and Brandon both spoke in favor of such a plan.
- TWO NEW COMMITTEES President Strand said that, as a result of discussions on campus including the Faculty Council, he was appointing two new committees as follows: (1) Committee on Preparation of In-Coming Students. (2) Committee on Criteria for Evaluation and Recognition of Staff.
- FUNCTIONS OF FACULTY COUNCIL President Strand reported that the Executive Committee of the Faculty Council had proposed consideration of the work of the council and its organization. He said that, in response to his request of last spring for suggestions regarding the organization of the council, he had received two or three letters. He mentioned some ideas on reorganization and reconstitution that had been expressed, including: make up of the Executive Committee, frequency of meetings, some reapportionment of elective members (perhaps double the present number). He asked persons willing to serve on a reorganization committee to give him their names.
- KASETSART UNIVERSITY President Strand said Professor Ralph Beck had gone to Thailand last spring to develop a contract under which Oregon State College and Kasetsart University might work cooperatively in an enlarged program for the University. He spoke of a

Meeting #84 - 2

recent visit of two representatives of the University. He called on Dr. J. S. Allison, chairman of the special committee on cooperation with Kasetsart, who sketched progress. He spoke of the information and impressions obtained by Professor E. L. Potter who spent several months in Thailand for study of Kasetsart. He passed round some photographs showing facilities of the University. President Strand said he was impressed with the interest the two recent visitors had in fundamental subject matter; they believed they could work out applications for themselves. Dean Gleeson asked whether United States surplus property might be used in helping equip Kasetsart departments for a larger program. It was agreed that, when a contract is ready, it would be reviewed and discussed in a joint meeting of the Faculty Council and heads of departments.

ADJOURNMENT The meeting was declared adjourned at 4:45 o'clock.

Delmer M. Goode  
Secretary

- ROLL CALL** Dr. E. J. Dornfeld, vice chairman, called the Faculty Council to order at 4:00 o'clock. He said that President Strand was absent from the campus attending the annual meeting of the Association of Land-Grant Universities at Columbus, Ohio. Members present were: Bash, Berry, Bullis, Carlson, Charley, Colby, Dietz, Dornfeld, Fincke (for Brandon), Gilfillan, Gilkey, Goode, Grill, Hovland, Hupprich, Joseph (for Goodman), Langton, Ledbetter, Lemon, Lonseth, Lunde, Maser, Pfanner, Plonk (for Read), Poling, Raabe, Reichart, Richardson, Shideler, Tressler, Yunker, Walls, Williams, Winger, Wood. Also present: Professors Walter Foreman, Paul Heist, J. W. Sherburne, and Miss Marion Wetzel, research fellow in mathematics.
- APPROVAL OF MINUTES** The minutes of the October 8 meeting of the Faculty Council were declared approved.
- USE OF RELEASED CREDIT HOURS** Dr. Dornfeld introduced Dr. Sherburne, chairman of the Curriculum Council, who spoke of a matter that had arisen in connection with curricular proposals of some of the schools. He said that, at the time in February 1953 when credit for freshman and sophomore defense education was reduced from 2 hours to 1 hour, it was specified that the term hours released "shall in general be used to reduce the credit load for freshman and sophomore students and to increase the free elective opportunities of the upper-division students."
- PROVISION FOR SUPERIOR STUDENTS** Dr. Dornfeld said that, on request of the Executive Committee of the Faculty Council, a progress report would be presented on the problem of provision for superior students. Dr. Dietz, chairman of the special Committee on Superior Students, stated concisely the objectives that the committee had set for itself and stressed the importance of faculty interest and participation in both the study and its subsequent application. He said the provision in each major department of the course listings 401, 403, 405, 407, with flexible time and credit possibilities, is a most fortunate opportunity in providing for superior students. He distributed a sheet showing the extent of use of these course listings in three schools during the past academic year. He told of efforts in his own department (Botany) to give more effective treatment for superior students.
- Dean Colby told of the study to date in the Lower Division of Liberal Arts on the problem of better provision for superior students. He said a school committee had filed a report containing findings and recommendations which had not yet been discussed by his faculty. Some aspects of this report were then presented by Professors Foreman and Heist. Copies of the mimeographed report were distributed. Dr. Foreman spoke of acceleration, special grouping, and enrichment as ways sometimes used to provide better opportunities for superior students. He said the committee felt that, in contrast to the biblical "to him that hath shall be given" a common practice on a

Meeting # 85 - 2

college or university campus is to give most of the special attention to those who have not. Dr. Heist described special adjustments that had been made in the Department of Psychology to enable superior students to progress in proportion to their capacities, including a large amount of reading over a broad area not limited to departmental lines.

ADJOURNMENT After brief discussion of one or two questions, the meeting was declared adjourned at 5:05 o'clock.

- ROLL CALL** The regular December meeting opened at 4:00 o'clock with President Strand in the chair and the following members present: Beach, Berry, Blanch (for Wood), Brandon, Bullis, Charley, Clayton, Colby, Cooney (for Price), Dietz, Dornfeld, Gilfillan, Gilkey, Gleeson, Goode, Goodman, Grill, Heath, Hovland, Hüpprich, Langton, Lemon, Lunde, Manning (for Lonseth), Maser, Ordeman, Pfanner, Poling, Raabe, Read, Reichart, Richardson, Snodgrass, Strand, Tressler, Walls, Williams, Winger. Also present: Professors H. E. Childs, C. B. Friday, H. H. Hillemann, A. D. Hughes, D. C. Mumford, and J. W. Sherburne.
- APPROVAL OF MINUTES** Consideration of minutes was called for. The minutes of the November 12, 1953 meeting were declared approved.
- CURRICULAR PROPOSALS FOR 1954-55** The President called on Dr. Sherburne, chairman, to give the report of the Curriculum Council on curricular proposals for the 1954-55 Catalog. Dr. Sherburne spoke of some curricular problems considered by the Curriculum Council, presented some statistics of course changes during past three years, and submitted the mimeographed report of the council on the changes recommended by the Curriculum Council. All changes affecting graduate work had the recommendation also of the Graduate Council. The report was then considered by the Faculty Council page by page. The report as a whole was approved by the Faculty Council with the following modifications: On page 2, under Psy 371 delete "will be prerequisite to Ed 424." On page 3, correct prerequisites for NR 538 to read: "NR 427, 428, 429." Add under new courses Z 571, 572, 573, Ichthyology, 3 hours each term. (It was specified that course would be taught by a member of the faculty in fish and game management. Before this adjustment was voted by the Faculty Council it had been determined that the Curriculum Council would concur.) On page 5, omit "Advanced" from title for FC 521. It was voted that the proposed 3 hours of credit for Wr K and Mth 5 would be approved with provision that such credit would not count toward graduation.
- FACULTY WELFARE** President Strand then called on Professor Mumford, chairman, to give a report for the Committee on Faculty Welfare. Professor Mumford introduced two topics: (1) personal liability of instructor for accidents to students, and (2) statistics regarding faculty salaries. Professor Hughes presented a three-page report from the committee showing the possibilities of liability insurance by faculty members. On recommendation of the committee, the Faculty Council VOTED to adopt the following motion: "That the Faculty Council go on record as approving the urgent necessity of liability insurance coverage for members of the academic staff of Oregon State College and that appropriate action be taken through President Strand, the State Board of Higher Education, and if necessary the State Legislature, to accomplish this objective as soon as possible."

Professor Mumford then presented and commented upon a four-page report (including graphs) on salary trends, purchasing power, and other comparisons of the faculty member and the average citizen now and prewar. He said he hoped the Faculty Council would take some kind of action to keep alive consideration of the facts and suggestions included in the report. There was some discussion. President Strand expressed appreciation for the work of the committee and said he recently had asked the help of the committee and of members of the Administrative Council in formulating proposals for improvements in the state retirement system.

WARNING OF  
STUDENTS

Dr. Campbell said that at a later meeting he hoped council members would be prepared to make suggestions and comments on the experiment during fall term in giving warnings to students who were doing unsatisfactory work at end of four and eight weeks instead of at midterm as in the past.

ADJOURNMENT

The meeting was declared adjourned at 5:20 o'clock.
