Online Education Committee
May 17, 2017 ~ 10:00-11:00 AM
1114 Kelley Engineering Center
Agenda

OEC Standing Rules and Scope of Committee Policy Updates
- Scope of Committee proposed changes approved! (brief review of proposed changes)
- Standing Rules awaiting approval (with Committee on Committees)

Hybrid Report (Cub Khan)
- Results of survey of hybrid instructors
- Current state of hybrid education at OSU
- Q & A about hybrid
- What issues need to be considered in order to best represent hybrid education on committee?

Survey Updates
- Survey approved for distribution by Executive Committee (E.C.)!
- Need to discuss some suggestions they offered:
  - Look at sequencing of 5 and 6; is 6a (h) buried? Appropriately placed?
  - For 6, consider adding (1) having to use Canvas (2) legal restrictions don't allow for compensation of online course development (3) lack of control of who is accessing course information (4) intellectual property issues
  - Consider having 8a and 8b be 'Select your three top issues' instead of ranking
  - Consider whether it is important that peer reviews need to be done by someone with experience in the online environment (no argument was presented at E.C. meeting)
- Qualtrics build (Stephanie?)
  - JoAnne Bunnage from E.C. can help with build and analysis
  - Testing before distribution
- Distribution plan: To whom? Through whom? How?
- Timeline: Fall?
- Survey sub-committee meeting in June?

Intellectual Property
- Escalated to E.C.

Other updates from meeting with E.C.
- Data analysis committee?
- Recognized our work

Academic Year recap
- Accomplishments
- Challenges

Looking ahead
- Is there time for a June meeting?
- Goals for next year
