

Faculty Mediation Committee

Annual Report 2007-2008

Submitted: July 9, 2008

2007-2008 Membership:

1. Mariette Brouwers, 2007-2008, Mediator, Counseling & Psychological Services
2. Ross Artwohl, Alternate Mediator, Counseling and Psychological Services

Activities:

Ross Artwohl dealt with two ongoing mediation situations during 2007-2008. We both responded to several phone and email questions about mediation services. As in past years, referrals came from several sources including self-referred, Faculty Senate, and the Office of Affirmative Action.

This year was the first year operating under the new system of using two faculty mediators. To re-cap the history of this, in February 2006, I met with Bill Boggess to discuss the selection process of this committee and to offer recommendations. I recommended that the Faculty Senate appoint people to serve on this committee who have some formal training in mediation. I proposed to have one person serve as Faculty Mediator, and another person serve as alternate. The Faculty Senate voted to implement this option on June 14, 2007. I accepted the offer to serve as Faculty Mediator. My colleague, Ross Artwohl, MSW, agreed to serve as alternate.

Below is the contact information for the Faculty Mediation team. We are in the same office, so the address and phone are the same.
