CANDIDATE STATEMENT: I am honored to be nominated to serve on the Executive Committee. Since my arrival at OSU, I have sought out opportunities to serve the OSU community and have seen the real impacts we can accomplish by working together. As a professional faculty member in an academic affairs role, I believe I am well positioned to represent both the academic and professional faculty by bringing a unique and balanced perspective. As someone who has served on the Executive Committee in the past, I would be thrilled to serve again and look forward to working with our colleagues and students.
