Proposal

Proposal ID: 97388

Type: New Option/Minor

Submission Date: March 9, 2016 11:22am

Effective Term: Summer 2016

Justification: Previously Agricultural Education PhD students enrolled in the Science Education Major because Ag Sciences do not have their own PhD program specifically in Education. With the College of Education re-organization, the Agricultural Education option has been developed in the Education Major (2310) so that it will be transcript visible and student data disaggregated from the two other new PhD options to be submitted in the Education program.

Comments: None

Liaisons

LIAISON	STATUS	REQUIRED
Randy Bell - Assoc Dean-Academic Affairs / College of Education I approve of this addition as part of the CoE reorganization. (Responded on Mar 8, 2016)	Responded	Yes
Paula Dungen - Exec Asst to the Dean / College of Education I approve the proposed New Option/Minor subject to the final approval of the deans. (Responded on Mar 8, 2016)	Responded	Yes
Misty Lambert - Assistant Professor / General Agriculture I support this proposal. This is a partnership that has been working for years within the Science and Math Education framework that is simply being clarified and codified as part of the re-organization effort. (Responded on Mar 8, 2016)	Responded	No
Jonathan Velez - Assistant Professor / General Agriculture	Responded	No

I support this effort as we continue to collaborate to develop relevant coursework and programs to better meet the needs of our students.
(Responded on Mar 8, 2016)

Program Information

Program Title: Agricultural Education
CIP Code: 130101
College/Department or College/School: College of Education / No Department
Program Type: Graduate Option
Associated Major: Education - EDD, EDM, MS, PhD
Description:

Agricultural Education

The Agricultural Education doctoral option has a primary focus of preparing candidates to assume faculty positions in colleges or universities in agricultural education programs. Candidates assemble an individual program of study that provides a comprehensive knowledge of the teaching and learning process with a strong theoretical foundation and practical research experience in agricultural education.

Requirements:

Content Specialty (13 credits)

AED 501. Research (4)
AED 553. Applied Instructional Strategies (3)
AED 556. Link Research, Teaching, and Practice (3)
AED 640. Instrumentation and Data Collection in Social Science (3)

Electives: Two additional research methods courses and other courses approved by the major professor.
