Hi Rebecca,

How are you doing these days?

The Office of Academic Programs and Assessment (APA) has received a new course designator request for **BDS – Biological Data Sciences**. There is a DRAFT New Degree Program [Proposal 106498](#) and the originator is working with APA to get the proposal moving through the review process.

Attached is the questionnaire requesting the new designator per the New Course Designator policy and conforms to the policy. This request now awaits your review. Once I have received your response I will add it to the NEW proposal and send it to Curriculum Council for approval.

Thank you for your time,
Cheryl

Dear Cheryl,

I talked to Gary and he informed me that I should e-mail you our request for a course designator.

I found questions online and generated a form with our responses. Please let me know if this is what you need.

Thank you,

Jeff
