- College of Liberal Arts, School of History, Philosophy and Religion
- Utilizes existing History faculty with plans for two additional faculty
- Specialize in one of three options – 1) Global Perspectives on War, Peace, and Empire; 2) History of Science and Technology; and 3) Community History and Civic Engagement
- Designed to appeal to students with a less specialized interest in history but would benefit from a Master's in History for professional reasons (e.g., teaching, museums, historic preservation, archives, or libraries)

- College of Liberal Arts, School of Writing, Literature and Film
- New undergraduate degree program
- Companion to the Master of Fine Arts Program in Creative Writing
- Curriculum is comprised of existing courses in English, Writing or Film and current faculty can absorb the increased demand for upper-division creative writing courses

Molecular and Cellular Biology – MS, PhD (CPS #106904)

- Graduate School
- Suspend graduate program
- Shortage of financial support, lack of leadership, and low student enrollment.
- Once current students complete their studies the program will either be terminated or re-envisioned.
