B.A./B.S and Minor, Arts, Media, and Technology

Rationale

10-year Undergraduate Program Review (March 2015) advised Cascades to strengthen its studio arts degree program by developing a complimentary degree focusing on the essential knowledge and skills to succeed as creative professionals in the 21st Century.

Design

SAC Director, Central Oregon CC faculty, and local & regional arts and design organizations created trans-disciplinary curriculum.

Traditional studio practice combined with communication and entrepreneurship coursework, also instilling technical practices for professional application.
