

PROGRAM PROPOSALS FOR REVIEW BY FACULTY SENATE

Michele Swift, Curriculum Council
June 11, 2020

Oregon State
University

Urban Agriculture UG Certificate (CPS #107200; CIM Key #670)

- College of Agricultural Sciences
- New online certificate program
- First in the United States to offer a for-credit, online course series in urban agriculture. Focus is on what's involved in becoming an urban grower, specifically the successful production of agricultural crops in an urban environment.

Bioengineering Graduate Major (MEng, MS, PhD) (CIM Key #329)

- College of Engineering
- Extends OSU's existing bioengineering graduate program to the University of Oregon, creating a joint (dual-shield) OSU/UO bioengineering graduate program. OSU and UO will recruit students jointly, share in the training of each cohort, and provide graduate thesis opportunities at both campuses.
