

COURSE REVIEW PROCESS AND RESPONSIBILITIES

	Scope of Review by College Reviewer & Curriculum Council/Grad Council
Justification	Check for appropriateness from college curricular's perspective. Does the impact from the new course or course change align with OSU's overall vision & mission?
Liaisons	Check for adequacy. Are the impacted units covered in the liaison process? Refer to list of liaisons here . Read the liaisons' comments at the end of the proposal form.
Description	Check for potential overlap or conflict with other course(s). Is it a good representation of the course (e.g. not too brief)?
Prerequisite	Check for appropriateness and adequacy.
Learning Outcomes*	Check for appropriateness and adequacy. Check if the Learning Outcomes, Assessment, and Course Content are all aligned.
Assessment*	Check for appropriateness and adequacy. Check if the Learning Outcomes, Assessment, and Course Content are all aligned.
Course Content*	Check for appropriateness and adequacy. Check if the Learning Outcomes, Assessment, and Course Content are all aligned.
Learning Resources	Check for appropriateness and adequacy. Are there better learning resources to recommend?

*Check syllabus for detailed information.

APA's CHECKLIST FOR REVIEWING A COURSE PROPOSAL (NON-EXPEDITED CAT II PROPOSAL)

New Proposal

Course Change Proposal

Ensuring the Course Number aligns with [course number policy](#) and checking if there is a need for a course inactivation proposal to

Ensuring changes are not too substantial that might implicate [course repeat policy](#)

1. Ensuring **Effective Term** aligns with the [Catalog year policy](#)

2. Ensuring **Justification** has the 'What' & 'Why' information

3. Checking the number of **Liaisons** meets [liaison policy](#): at least 3 Academic Liaisons; one of which must be outside of the College associated with the originating academic unit

4. Ensuring the completeness of Course Information. For example:

- Assigning **CIP code**: same CIP code as the academic program associated with
- Ensuring the **Schedule Type** matches with the **Credits Type** (Fixed Credits vs Range of Credits)
