

## Committee on Committees

### Annual Report 2016-2017

The Committee on Committees has six active members. This includes the chair, but does not include the student member, who did not participate this year.

The group accomplished five-year reviews of four committees:

- [Academic Advising Council](#)
- [Academic Requirements Committee](#)
- [Administrative Appointments Committee](#)
- [Academic Standing Committee](#)

Notes for each review are attached. The Advancement of Teaching Committee does not appear to have met this year, so they were unable to complete their five-year review.

The Academic Requirements Committee, Academic Standing Committee, Baccalaureate Core Committee, Curriculum Council, Graduate Council and Online Education Committee all submitted Standing Rules Changes. These changes were reviewed by the Executive Committee, and presented to the Faculty Senate during the May and June meetings.
