CANDIDATE STATEMENT: I appreciate being nominated to serve on the Executive Committee. Faculty governance requires a willingness for faculty to engage in committee work, and I would be excited to learn from the opportunity as well as collaborate with colleagues across campus. The focus of my current administrative role on student success is inextricably linked to the business of the Executive Committee. I would aim to listen carefully, ensure my viewpoint was well considered, and infuse the experience I have gained as a faculty member dedicated to OSU for the last 30 years.
