

Graduate Program Review Updates

November 2, 2017

AY 18

Fall Term

- Forest Ecosystems & Society – 5 Year
 - Scheduled for January 12, 2018
- Sustainable Forest Management
 - Scheduled for November 12 & 13
 - Self-Study has been provided to the reviews, agenda is being finalized
 - All metrics have been provided to the program, surveys were unusable as the response rate was too low (less than the minimum of 10 respondents)

Winter Term

- Business Administration (PhD) – 5 Year
 - Waiting for response from Jim Coakley
- Industrial Engineering
 - Scheduled for February 25 & 26, 2018
 - Maureen is contacting external reviewers
 - All data available to date has been provided, additional data will be available before the end of the year
- Molecular & Cellular Biology (MCB)
 - Scheduled for March 11, 12 & 13, 2018
 - Dean's meeting will be 3/12 at 9am (this is not flexible)
 - Maureen has the first external reviewer confirmed and is working on the second reviewer
 - All data available to date has been provided to MCB, additional data will be available before the end of the year

Spring Term

- Environmental Engineering – 5 Year
 - Jeff Nason is finalizing dates with school head and will follow up with Maureen
- Creative Writing & English
 - Scheduled for May 14 (kick off May 13)
- Food Science & Technology
 - Date is to be determined as they must coordinate with their undergrad program.
- Applied Economics
 - They have submitted a request for extension, it's being reviewed by VP/Dean.
