Program Description

Completion of the Teaching Program results in a Master of Arts in Teaching and recommendation for an Oregon teaching license in a particular subject area or in multiple subjects (elementary). This program requires a minimum of 45 credits which includes a course in foundations of ESOL instruction and at least 15 credits in internships and/or practicum that provide classroom observation and teaching practice. In addition, a minimum of three credits are required in each of the InTASC categories: The Learner and Learning, Instructional Practice, Professional Responsibility, and Content Specialty.

Professional Teaching Core (3 credits)

TCE 572. Foundations of ESOL/Bilingual Education (3 credits)

OPTIONS:

Elementary (94955)
Language Arts (94951)
Mathematics (94952)
Music (94956)
Science (94953)
Social Studies (94954)

Justification: The newly created Teaching Program will now offer several options for students to obtain an MAT degree. The existing Teaching: Language Arts Education (MAT) program will be eliminated to reduce the number of individual Teaching programs.\

The newly created Teaching - MAT Major (2100) will offer several options, including Elementary. This major replaces Teaching: Elementary Education (MAT) which will be terminated after this option is approved, thereby reducing the number of majors in the College of Education.
