

Materials linked from the December 4, 2015 Graduate Council agenda.

Hello Theresa,

I wanted to be sure that the graduate council had all of the requested documents in support of the new degree: Teaching Major (Masters of Arts in Teaching) as I am submitting the accompanying options this week.

Note: I was not able to load all of these supporting documents in the CPS so I wanted to be sure that you at least were able to reference them as the options came to the council for approval.

Document #1: Teacher Major_MAT Proposals - Identifies two approved proposals for New Degree program (expedited and did not go through the approval process) and Change Graduate Major which created a program title and options)

Document #2: Teaching Major with Options - Program description for course catalog with all seven options

Document #3: Teaching Major MAT Graduate Assessment Plan - All options use the same key assessments (except for a required national content exam) which align to national educational standards (InTASC) as all programs are accredited by CAEP.

Document #4: Learning Outcomes Aligned with Standards - The learning outcomes are similar for every option since all award teaching licenses that are accredited by the state and CAEP. (I have attached an example of Music option, but this document is essentially the same for all.)

OPTIONS:

Elementary (94955)

Language Arts (94951)

Mathematics (94952)

Music (94956)

Science (94953)

Social Studies (94954)

Let me know if you have additional questions and concerns,

Sue Helback
