The Faculty Senate of Oregon State University, within the framework of legislation providing for Land-Grant Institutions and the Oregon State System of Higher Education, on behalf of the Faculty: determines and establishes the purposes of Oregon State University, formulates and evaluates policies and activities in harmony with these purposes; assumes responsibility for the creation, maintenance, and protection of a University environment conducive to the full and free development and preservation of scholarly learning, teaching and research; and provides the means by which the administration may be apprised of representative opinion of the entire Faculty.

The Faculty Senate has legislative responsibility with respect to academic policies, educational standards, curricula, and academic regulations; studies and prepares recommendations to the President of Oregon State University concerning the welfare of the Faculty; provides means through which any matter of general interest to the Faculty or pertaining to the institution and its purpose may be brought to the Faculty Senate for discussion and appropriate action. The mission of the Faculty Senate also is carried out through a number of committees and councils that report to the Senate.
