

Promotion & Tenure Committee

2019-2020 Annual Report

In AY 2019-20, the chair worked with two other committee members (Shan He and Kate Schilke); both members worked well. The chair strongly recommends adding more members to the Committee for AY 2020-21.

Key Issues

In AY 2019-20, the Committee worked on the following key issues:

- a. Collaborated with the Faculty Senate Advancement of Teaching Committee on eSET questions.
- b. Discussed what could be considered as diversity-related work from the promotion and tenure perspective (this discussion will be continued in AY 2020-21).
- c. Attended all meetings, as the Faculty Senate representative, related to promotion and tenure dossier discussions at the university level.

Membership

Both Shan He and Kate Schilke worked as much as they could on the Promotion & Tenure Committee.
