Subject: RE: TRAL Cat I Liaison Request

Dear Troy,

Thank you for this opportunity to comment on the CAT I proposal to merge Merger of Recreation Resource (RRM) Management and Tourism & Outdoor Leadership (TOL). Ecampus has no objections to and supports this proposal, as well as the subsequent creation of a new BS in Tourism, Recreation, and Adventure Leadership (TRAL). Although it is understood that the newly created program will be site-based, Ecampus would be open to future discussion on the possibility of moving the new program online for distance delivery, if the College is so inclined.

Best regards,
Alfonso

Re: Curriculum Liaison for Abbreviated Category I Proposal for Merger of Recreation Resource (RRM) Management and Tourism & Outdoor Leadership (TOL)

Dear colleague,

On the recommendation of an external review team, and with support of the faculty of the Recreation Resource Management (RRM) and Tourism and Outdoor Leadership (TOL) programs and our administrative leadership, we are proposing to merge the programs into a new BS degree: Tourism, Recreation, and Adventure Leadership (TRAL). You may find the proposal and associated documents on line at <https://secure.oregonstate.edu/ap/cps/proposals/view/98569>.

In accordance with OSU policy, I am required to notify you of our intent to make this change. We anticipate few impacts on your program, as most changes involve courses offered by our own faculty, reduction of the number of options, and renaming the degree. Nevertheless, I welcome any input you may have regarding this proposal. Please feel free to send comments, suggestions, or statements of support to me directly at troy.hall@oregonstate.edu.

Your timely response is appreciated. Please note that a lack of response by November 8 will be interpreted as support.

Sincerely,

A handwritten signature in blue ink that reads "Troy E. Hall". The signature is written in a cursive style with a large, stylized 'T' and 'H'.

Re: Curriculum Liaison for Abbreviated Category I Proposal for Merger of
Recreation Resource (RRM) Management and Tourism & Outdoor Leadership
(TOL)

Dear Troy:

I read through the proposal, and I fully support the suggested merger and changes. The proposed changes will make the degree easier to navigate for students – and might even give them time to add on a Sustainability second degree! Good luck with the proposal.

Subject: RE: TRAL Cat I Liaison Request

Hi Troy,

I have been engaged in this process from the beginning and am in full support of the proposal. The creation of TRAL will benefit students at both Corvallis and Cascades campus by providing them with a degree that has strong career pathways and integration of recreation and tourism. Further, this degree is an important aspect of the college's aspirational goals of increasing its overall enrollment--both majors had historically higher enrollments than we have seen in recent years and the new major shows strong potential to grow over time. I applaud you and your team for creating a highly viable and exceptional program in Tourism, Recreation and Adventure Leadership!

I fully support this Cat I proposal.

Sincerely,
Randy

Hi Julie –

I have conferred with Bruce Dugger, Associate Department Head, and we are supportive of these changes. Seems like this will be a good option for more integration with Cascades, too.

Cheers –

Selina
