Candidate Statement: It would be an honor to serve on the Faculty Senate Executive Committee! Faculty Senate serves as an essential function for advancing our mission through shared governance. I have worked in collaboration with colleagues across the university to find innovative ways to support student success through an equity lens in my role as the Assistant Director of Black Student Access & Success. I will bring an enthusiasm to learn and a passion to support faculty governance. I will also look to increase underrepresented student's access to the world class education that we provide at OSU.
